### TEMPE LIGHTS ARE PROMISED LAST OF NEXT WEEK

The Installation of the System Some-  
thing of a Task.

Good progress is now being made on the city street lighting system. The installation of this system is much more of a task than the average resident imagined and consequently the light is much longer delayed than was anticipated. A force of four or five men have been at work for nearly a month and the system is about completed. It is estimated now that the last of next week will probably see the lights shining brightly, much to the satisfaction of every one.

With the limited number of lights placed at the disposal of the council, it is obvious that everybody cannot be exactly pleased with their location. Several citizens who were unable to get lights placed near their residences or places of business are considering having them placed there at their own expense. The location of the lights provides for one at the corner of Mill avenue and Third street at the railroad; another one a block west at Maple avenue, but the next block west, Ash avenue has been overlooked. With the completion of the new bridge this will be an important crossing and should be provided with a light also. It is understood that the railroad company will have a light at the depot and if this is done, there will be but this one dark crossing between the depot and town. It was at this crossing, too, that one of the prison guards was held up a few nights ago while on his way to work.

**FOR THE WINTER**  
Miss Myrtle Feld arrived here yesterday from Toledo, Ohio, and will spend the winter here with her brother, Harry Feld.

**A BUSINESS VISITOR**  
Chas. P. Munger of the Munger Bros. company of Phoenix was a business visitor on the south side yesterday, spending the forenoon here and the afternoon in Mesa.

**PECULIAR WEATHER**  
This is about the most peculiar fall that this locality has experienced in a long time. Nearly all of the present week has been more or less threatening and several times hard showers have fallen. There was a good "sprinkle" in town yesterday morning early and on the outskirts

of town a hard rain fell. There were several hard showers during the day later on.

**MAY ORGANIZE CLASS**  
D. W. Curtis, an accomplished violinist, of Phoenix, was a visitor here yesterday. Mr. Curtis has under consideration the organization of an orchestra at the normal. He has a very successful organization of that nature at the Phoenix high school.

Few, if any, medicines have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all druggists.

**WILL ATTEND SALE**  
A good many Tempe people are planning to attend the Byron Johnston auction sale today at his ranch southeast of town. A free lunch will be served at noon.

**ANOTHER CANDIDATE**  
Attorney P. H. Hayes of Phoenix, candidate for the nomination for Superior Judge, spent yesterday in Tempe. Mr. Hayes is a deservedly popular young man and should get a good share of the votes in this precinct.

An article that has real merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. H. W. Hendrickson, Ohio Falls, Ind., writes, "Chamberlain's Cough Remedy is the best for coughs, colds and croup, and is my best seller." For sale by all druggists.

**WILL SPEND WINTER HERE**  
Herbert Ballou went to Phoenix last evening to meet Miss May Young of Rushville, Ill. Miss Young is a sister of Mrs. Ballou and will spend the winter here with her.

**WILL TEACH NEAR YUMA**  
Miss Lola Spear left on the noon train yesterday for Yuma. She has been engaged to teach the school at Summerton, about twenty miles south east of Yuma.

**MAY OFFER CASH PRIZE**  
The present bowling tournament, in which the Y. M. C. A. Pastime and Tempe bowling teams are participating in, being near to a close, Frank Baum of this place is working on a scheme to have another tournament started. It is planned to have different ones interested contribute at least a hundred dollars for a cash prize to the winning team. In addition, other prizes will probably be offered. Mr. Baum feels that the only way for Tempe to get in on the new tournament and win out is to organize a couple of teams and do a little more hard practicing. More practice will steady a team down and make it more reliable. The Tempe team a few nights ago made the highest score of the tournament and then two nights later turned around and made the lowest score, which incident indicates plainly a lack of steadiness.

**RENTS SCHWEPPE HOME**  
C. D. Hayes of the Pacific Creamery company has rented the Schweppe home on east 5th street for the win-

ter and will move in on the first of the month.

**ESTABLISH OFFICE**  
Messrs. Wildermuth and Smythe of the United States department of Agriculture, who are spending the winter here making experiments, have rented the Nielsen house on the corner of 8th street and Normal avenue and have there established an office and laboratory.

**DOWN FROM RANGE**  
Merton Stewart and family came down yesterday from the Stewart range near Mayer and will be here for a short time.

**CARD OF THANKS**  
We desire to extend our kindest thanks to those of our friends and neighbors, who by their kindly acts and words of sympathy aided and comforted us during our dear mother and grandmother's sickness and death.

J. H. Eliza Cummings and family.  
Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all druggists.

### MESA JOHNSON PRODUCE BUSINESS IS SOLD

Old Established Mesa Business is Taken Over by Attaway and Pearce.

The sale of the produce business of L. B. Johnson & company is announced, the transfer to take place at once. The purchasers are Prof. Zebulon Pearce and E. G. Attaway. And the new firm will be Attaway & Pearce.

The sale of this business was a surprise to many people, as Mr. Johnson had been in business here so long and was so well known to the produce people of the territory that no one expected him to ever give it up. There were a few of course who knew that Mr. Johnson had been buying a great deal of real estate and town property, and it does not surprise them to know that this extremely busy man had so many outside affairs to look after that he would not feel homesome should he devote his entire time to them. As a business man, farmer, stockman and orchardist, Mr. Johnson has been successful in the Salt River valley.

The new proprietors are also well known here. For a number of years Mr. Attaway has been the bookkeeper and confidential assistant of Mr. Johnson in the produce business and is thoroughly qualified to handle its affairs successfully. During the many absences of his chief on outside business, Mr. Attaway has had full charge of the management. Mr. Pearce is an old timer here and for the past three years has been connected with the cantaloupe industry of Mesa. He, too, is well posted on conditions in this section. Hence the new firm should, and no doubt will be, able to carry on the business without a break, and with continued success.

**WILL ATTEND MEETING**  
J. M. Beach, vice president of the Salt River valley bank will leave today for Prescott, where he will remain to attend the meeting of the Arizona Bankers' association, which will be in session at the mile-high city on Monday and Tuesday of next week. J. G. Spangler, cashier of the Mesa City bank, will also go to Prescott on Sunday. Mr. Spangler is president of the bankers' association, and will preside at the meetings. During the past few years Mr. Spangler has taken a prominent part in banking affairs in the southwest, and while at the meeting of the California bankers, recently held at Lake Tahoe, delivered an address on banking in Arizona which was widely circulated in the eastern financial papers. In a late issue of the "Coast Banker," a monthly publication of San Francisco, the speaker is highly complimented. Mrs. Spangler will accompany her husband to Prescott.

**OFF FOR VACATION**  
Dr. J. B. Nelson left last evening for Utah, where he will visit for several weeks. His visit is one of business and pleasure combined. The doctor owns property in Salt Lake and desires to dispose of it for the

Headaches, Colds, Indigestion, Pains, Constipation, Sour Stomach, Dizziness? If you are not, the most effective, prompt and pleasant method of getting rid of them is to take, now and then, a desert spoonful of the ever refreshing and truly beneficial laxative, remedy—Syrup of Figs and Elixir of Senna. It is well known throughout the world as the best of family laxative remedies, because it acts so gently and strengthens naturally without irritating the system in any way.

To get its beneficial effects it is always necessary to buy the genuine, manufactured by the California Fig Syrup Co., bearing the name of the Company, plainly printed on the front of every package.

<b>PHOENIX NATIONAL BANK</b> PHOENIX, ARIZ.	<b>PHOENIX SAVINGS BANK &amp; TRUST CO.</b>
<b>NATIONAL BANK ADVANTAGES</b> The advantages of transacting financial affairs with a bank such as the Phoenix National Bank, organized under the laws of the United States Government, are many. Chief among these is the assurance of the highest degree of safety by reason of the rigid restrictions which the law places upon the manner in which loans shall be made, surplus set aside from earnings for the protection of funds and in general the close inspection and supervision which the Government makes of the bank's affairs.	<b>WOMEN'S MONEY.</b> Those women who have sums of money, large or small, to handle are cordially invited to avail themselves of the facilities and service afforded by this strong, conservative bank, which makes a feature of extending careful attention to the personal requirements of women customers. purpose of investing more heavily in the Salt River valley. This is a laudable desire on his part and the people will be glad to learn that he had been successful. Rest is a part of the doctor's object in fleeing from his patients at this time. A majority of them are well on the way to recovery, and those who are left will have the able services of Dr. J. B. Nelson. Dr. Nelson has been very busy for the past year and is feeling run down and in need of an occasional good night's sleep.

**THE ANNOUNCEMENT IN MESA**  
The announcement in The Republican yesterday morning that Judge Wells of Prescott had consented to run for governor on the republican ticket, if nominated, created considerable discussion. Judge Wells is well known to all old timers who speak of him in the highest terms. The republicans generally express themselves as well satisfied with his candidacy. This is not saying that many would not have preferred Judge Kibbey, who probably has more friends in Mesa than any other man who has been a candidate before the people on the republican ticket, except, of course, Judge Phillips—the man who was invincible when running for probate judge. George U. Young is also known to many Mesa people who have for him a very friendly feeling, not so much because of politics as for his enterprise in taking hold of the Mammoth mine and developing it.

**RETURNED FROM MONTANA**  
Mrs. George W. Bowen, mother of the popular county supervisor, W. K. Bowen, returned yesterday from Butte, Montana, where she spent the summer. Mrs. Bowen comes back in fine health and has had an enjoyable visit.

**THE EXPECTED RAIN**  
For several days past the weather indicated that a rain storm was brewing and the expected happened yesterday afternoon. A cloud came up from the west, accompanied by much lightning and heavy thunder, and there was a good rainfall. Several slight showers occurred during the forenoon, but scarcely enough to lay the dust. The afternoon rain was of the regular "soaking" kind, equal to a good irrigation.

**NEWS IN BRIEF**  
Mr. and Mrs. Rydberg are back from California where they spent the

greater part of the summer. They own property in Mesa as well as in California, and have been spending their winters here for the past few years.  
Urrea Brothers have their new pool hall fitted up with tables and are advertising for a grand opening for tonight. There will be free tables and refreshments served all day to day. This makes the fourth pool hall in Mesa, but the field does not appear to be crowded.  
Dan Mahoney is having a new floor placed in the building recently vacated by the Free Press.

**PRIMITIVE REASONING**  
"Did you sell your vote?"  
"No, siree. I voted for that feller 'cause I liked him."  
"But I understand he gave you \$10." "Well, when a man gives you \$10 'tain't no more'n natural to like him, is it?"—Washington Star.

**THIS IS REAL DREAMLAND**  
Five Thousand Acres Along the Mohawk River Was Obtained That Way.

Sir William Johnson, who was superintendent of Indian affairs in America previous to the Revolution, received some suits of clothes from England richly lined, when Hendrick, king of the five nations of Mohawks, was present. The chief admired them much, but did not say anything at the time.

In a few days Hendrick called on Sir William, and acquainted him that he had had a particular dream. On Sir William inquiring what it was, he told him that he had dreamed that he had given him one of those fine suits which he had received from over the great water. Sir William took the hint, and immediately presented him with one of the richest suits. Hendrick highly pleased with this generosity retired.

A short time after this Sir William happened to be in company with Hendrick told him that he also had had a dream. Hendrick being very solicitous to know what it was, Sir William informed him that he had dreamed that he (Hendrick) had made him a present of a particular tract of land (the most valuable on the Mohawk river) of about five thousand acres. Hendrick presented the land immediately with this shrewd remark:

"Now, Sir William, I will never dream with you again; you dream too hard for me." The tract thus

obtained is called to the present day "Sir William's Dreaming Land."

### IN MEMORY OF DICKENS.

I dreamt, and lo! there passed before mine eyes  
Those characters I loved—a motley throng,  
Both men and women—ay, and children, too;  
Each told his tale anew and passed along.

First Captain Cuttle, with his honest face,  
And Florence—ah! I heard her tale again,  
Her tale of heartfelt misery and love,  
Of hope in grief and fortitude in pain.

Poor Barnaby and Grip! Once more I heard  
That piteous story that I loved so well.  
Onward they passed. Anon there came—a child?  
A child—but not of earth. O Little Nell!

Of Heaven, then? Ay!—rather of our dreams;  
Placed on earth, indeed, but yet unreal.  
Thy love, thy pity, thine heroic strength  
Proclaim to us a glorious ideal.

Lo! Sciveller and Doctor Marigold  
And poor Bob Cratchit and his crippled son!  
Ah! Tiny Tim, beloved of all mankind,  
Thy toast again—"God bless us, every one!"

And so they faded slowly from my sight,  
And yet, above them all, there stood alone  
The figure, glorious, sublime  
Of Carton—yes, and, many a time,  
When wearied out with care and strife,  
We'll read the story of thy life,  
And dwell with sympathy again  
Upon thy grief, despair and pain,  
Thy hopeless love and—best and best—  
Upon the far, far better rest  
Than thou hast ever known!

Inimitable Boz! How oft in life  
True friends that we have known  
And loved depart:  
But these, God grant, will stay with us  
For aye—  
The friends created by the potent art  
—Ernest E. Polack, in September London Dickensian.
